Sir:

In the matter of the above-identified granted patent, it is respectfully requested that a Certificate of Correction be issued to correct the spelling of the last named inventor consistent with that listed in the originally filed Declaration as well as that listed and officially recorded in the USPTO with regard to the filed Assignment.

That is it is respectfully requested that the spelling of the fourth listed inventor under the heading "Inventors" in the title page of the granted U.S. Patent 6,835,923 B2 be corrected to read as **Vesa Pelli**.

A review of the file history clearly shows that the above-noted error is a USPTO mistake occurring in the printing of the patent. With regard to this, it is noted that both the originally filed Declaration as well as the recorded Assignment related thereto included a correct spelling of the fourth (last) named inventor in the listing of the inventorship. Since all of the papers

submitted by applicant's during the prosecution history associated with the above-named patent, such as the originally filed Declaration and the Request for Recordation of the Assignment along with the Assignment included a correct spelling of the entire inventorship, it is respectfully requested that the present request for a Certificate of Correction be granted, under the provisions 37 C.F.R. 1.322 (35 U.S.C. 254).

If, however, the USPTO determines that fees are do in connection with the filing of this request including fees under 37 C.F.R. 1.323, it is respectfully requested fees be charged to the deposit account of Antonelli, Terry, Stout & Kraus, Deposit Account No. 01-2135 (Case: 1123.40855X00).

Respectfully submitted,
